

POLICY TYPE: MEMBER

POLICY TITLE: Incentives to New Grads; First year and Second year Practitioners

POLICY STATEMENT

It is important to the AAO that new members become involved in their professional Association; and new doctors often find attending conferences and the Annual General Meeting to be a financial challenge.

POLICY

Effective immediately, the AAO will reduce by fifty percent (50%) the conference registration fee to New Grads, first-year and second-year doctors who register for the conference and/or attend the AAO Annual General Meeting. This does not include the cost of extra tickets purchased for social events or meals.

PROCEDURE

Requests are subject to the following process:

1. AAO will ensure all registration documents provide a separate registration section for New Grads and first and second-year practitioners.
2. This registration section indicates the appropriate discounts for the New Grads, and first and second-year practitioners.
3. AAO reserves the right to ensure all New Grad registrants are within the specific first-year and second-year status.
