

Eye See...
Eye Learn!™

How Well Can Your Child See?

Your Optometrist Knows
the Answer!

Eye See...Eye Learn™

is a program that ensures children starting kindergarten have the vision they need. The Alberta Health Care Insurance Plan (AHCIP) provides partial coverage towards an annual eye exam for children under the age of 19. If required, kindergarten-aged students can also receive a free pair of eyeglasses through the Eye See...Eye Learn™ program.

How kindergarten-aged students participate

STEP 1

Parents can find a participating optometrist at optometrists.ab.ca. Click on Find an Optometrist and check the box for Eye See...Eye Learn™, then enter your postal code to find a doctor close to you. Call or go online to book an appointment.

STEP 2

See your optometrist for the eye exam. Have your health card ready. Through Alberta Health Care, there is partial coverage towards your child's annual eye exam up to the age of 19.

STEP 3

If required, kindergarten-aged students will receive a free pair of eyeglasses. Ask to see the frame selection available. The optometrist will order your glasses for you.
